Why do you need Training? Individuals who operate and/or maintain swimming pools/spas are involved in a field where technology or "know-how" is constantly changing MUST be trained.

**Codes require it** and swimming pool/spa operators have an obligation to the public to provide facilities which are not only clean, but also safe and healthy for public use. Only an individual with this proper CPO training is qualified to meet such responsibilities.

Topics of Discussion: New State and Local CODES, filtration, water chemistry, pool circulation, spas, pool maintenance, seasonal pools, renovation, conservation, pool management, sanitizers, special problems, pool calculations, and much more.

You will receive books and materials in class. Please bring:

A PICTURE ID and a CALCULATOR.

(Cannot use your cell phone as calculator on exam) with you to class.
